## SKILLS

### TECHNICAL SKILLS

Proficient with  
Python • Java • C++ • Octave • SQL • Matlab  
• Git • Linux (Ubuntu) • Latex  
Familiar with:  
Machine Learning • Deep Learning • NLP • Artificial Intelligence

### SOFT SKILLS

Strong  
Leadership • Resourcefulness • Public Speaking •  
Hard-working

## LANGUAGES

### PROFICIENCY LEVEL

INTERMEDIATE  
Native proficiency:  
Bilingual Communication (Hindi-Odia)  
Working proficiency:  
English

## WORK EXPERIENCE

### NIT ROURKELA

INTERN (MAY 2019 - JUNE 2019)

- Worked under the guidance of Prof. Dr Ratnakar Dash on the project "Abnormal activity recognition using Neural Networks"

## EXAM PREPARATION ONLINE

INTERN (DECEMBER 2019 - FEBRUARY 2020)

- Contributed towards building a recommendation system for the website

## TECHNICAL PROJECTS

### USER QUERY DETECTION FOR STACK OVERFLOW | IBM HACK FINALS 2019

- Github:// [user-query-identification-StackOverflow](#)

### DOCUMENT CLUSTERING | NLP

- Document Clustering based on Mueller's Report using k-means approach and other NLP techniques.
- Github:// [Document-clustering](#)

### ONLINE NEWS VIRALITY PREDICTION | DEEP LEARNING

- Predicting Virality of content from News and Informational websites
- Github:// [OnlineNewsPopularity](#)

### VOICE BASED GRIEVANCE REDRESSAL SYSTEM | SYND INNOVATE HACKATHON 2019

- Github:// [synd-inn](#)

### ABNORMAL ACTIVITY RECOGNITION | COMPUTER VISION

- Detection of Abnormal Activity in Surveillance Videos.
- Github:// [anomaly-detection-using-ml](#)

### MORTALITY AND LOS PREDICTION | OPTUM STRATETHON 2019

- Github:// [optum](#)

## CERTIFICATIONS

### UDEMY

- A-Z Deep Learning Certification

## ACADEMIC ACHIEVEMENTS

- Conducted cyber security workshops at various educational institutions during cyber security awareness week, 2020 conducted by the Govt. of Odisha.
- Volunteered in conducting Python Workshop at IIIT Bhubaneswar which was an initiative by the Govt. of Odisha.
- Won several awards in hackathons, sports and cultural events at school, college level.
